

SubliJet Sublimation Solution for the Ricoh GX5050N**• High Performance Print Engine Speed**

- The Ricoh GX5050N utilizes the latest print head technology – making it one of the fastest printers in the Gelsprinter line ever made by Ricoh. *The output speed is equivalent to that of most laser printers, and far exceeds that of most ink jet printers.*
- Faster print speeds equate to more cost effective printing.

• Printing Speeds*

- Print 7.5 x 10 inch size sublimation transfers (T-Shirt) in under 50 seconds
- Print 3 x 3 inch size sublimation (Ceramic Mug) in under 15 seconds
- Print 5 x 7 inch size sublimation (plaques) in under 20 seconds

**Actual print speeds will vary based upon the image quality, size, driver settings, computer system and memory specifications.*

• SubliJet-R inks for the Ricoh GX5050N

- Utilizes proven reliability of SubliJet-R inks – formulated specifically for the Ricoh – to consistently produce bright, vibrant, accurate colors.
- Proprietary chemistry produces vibrant colors
- Environmentally-friendly, water-based inks.
- New, higher-viscosity formulation is dialed in for peak performance on the unique Ricoh print head.
- Cartridges are not interchangeable with other Epson SubliJet solutions but can be used in other SubliJet-R solutions.

• Standard CMYK Ink Configuration

- Uses cyan, magenta, yellow, black, sublimation inks demanded by digital printing professionals.
- Interchangeable cartridges that can be used in the Ricoh GX7000 and the Ricoh GX5050N.

• High Capacity Cartridges

- 60 ml color cartridges and 68 ml black cartridges provide extended uninterrupted printing.

• Color Management for the Ricoh GX5050N

- Utilizes and ICC profile that gives users control over their image quality, color output and print options.
- Cost effective solution for both MAC and PC users.
- Provides dynamic color output for improved image reproductions with denser blacks and sharper colors.
- Two profile options allowing users to choose which profile better suites their printing needs.

• Low Maintenance

- Ricoh printer has a self-cleaning feature for peak print head performance.

• Fast Set-Up

- This cart-only solution makes set-up time quick and easy.

• High Capacity Media Handling with Optional Trays, holds up to 500 sheets

- Prints from letter up to 14" wide.
- Built-in high-capacity paper tray handles up to 250 sheets of plain letter-sized paper. With the optional PFU tray, and the multi-bypass function, the printer is capable of holding a full ream of
