CESCO Inserts for Architect Frames

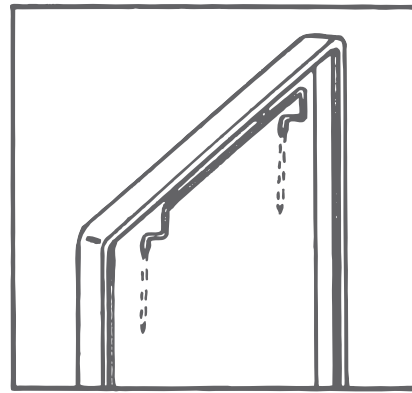

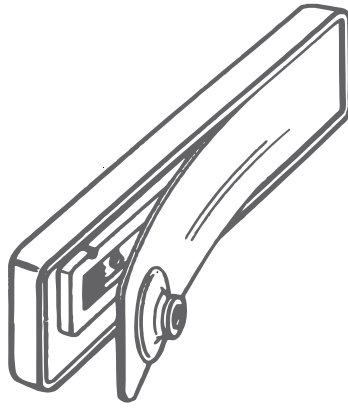

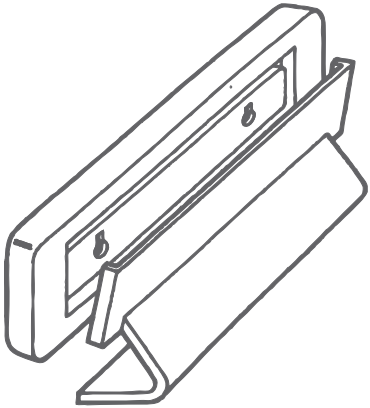

- A.** 3/8" inside radius
- B.** Pin for mounting to fabric covered partitions
- C.** Keyhole mounting
- D.** 1/2" trough for mounting 3M DUAL LOCK™
- E.** Front Reveal
- F.** 1/8" frame thickness

Design Frames

Design Frame System is designed for quality interior signage. Several unique features offered by this system will make designing and mounting interior signage simple. Frames are 1/8" smaller than designated size to provide maximum yield of 24" x 48" sheet when using saw cut or sheared strips.

- Five (5) colours: Light Grey (Pewter), Medium Grey, Almond, Black, Brown
- Designed for 1/16" material, with 3/8" radius corners
- Keyhole mounting allows for permanent or removable frames
- Wire clip mounts into frame for hanging on office partitions
- Snap Wire in place between frame and peg. Apply adhesive inside frame over wire if permanent wire placement is required.
- Features Dual Lock™ fastening system for attaching insert strips. Tamper resistant, but plates can be removed with suction cup.
- 'Header' messages can be permanently mounted with tape, while Dual Lock™ tabs can be placed at ANY LEVEL for interchangeable messages
- Double-sided frames are available for corridor brackets. Bracket mounts to plate. Bracket is mounted to wall with concealed screws.

	99D-512 1/2" x 12" Dual Lock™	Dense mounts to trough Light mounts to plate
	SUC-000 Suction Cup 1 1/2"	Removes plates from holders

	99W-350 3 1/2" Wire Clip	For frames 6" and under
	99W-600 6" Wire Clip	For frames 8" and larger

Inserts

Inserts can be cut from classic and durable two-ply Rowmark plastics or Rowmark single-layer LaserMax and other products. Use 3/8" radius die for round corners. Can be personalized with laser engraving, rotary engraving, or UV-LED and standard digital printers. See web link for more information.

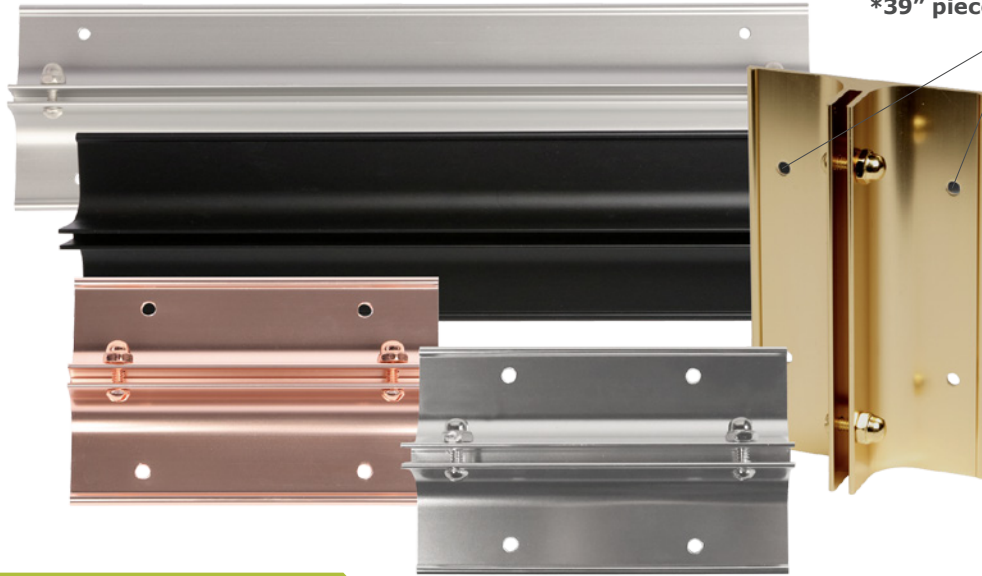

Multiple colours available. See our 2023 *Laserable Catalogue* starting on [Page 4](#)

CESCO Corridor & Metal Frames

CESCO Corridor Wall Mount with 1/8" Slot

CESCO Corridor Mount brackets are designed to hold single and double-sided signs at a 90 degree angle to the wall. Perfect for wayfinding signage in your next project.

Four counter-sunk holes* for standard screw mounting.
*39" pieces do not come with mounting holes.

Frame Accessories

Suction Cups

Sign inserts and lenses can easily be inserted and removed using convenient suction cups with removal hook. These suction cups include a hook for hanging signs on windows or glass doors, suction cups are a sign shop staple. They can easily remove sign inserts and lenses from frames.

Partition Mount

Partition Pin

Partitions

Partition pins make attaching nameplates to a cloth cubicle wall simple! These pins can also be used with other light weight objects that you are displaying in your office space. Most items require 2 pins to securely hang on a cubicle or partition wall.

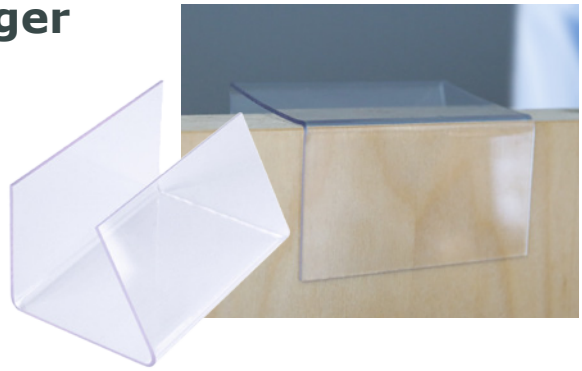

A barbed mounting pin designed for use on some of today's woven knit fabric coverings of partitioned office systems, cubicles, workstations and soft walls. Great for hanging sign frames, signs, pictures, and poster wall displays. A durable product that will withstand multiple relocations of the sign with minimal damage to woven knit fabrics. Barb pin is 1" x 1" with four barbs and is made of zinc plated steel.

- F.** 1/8" frame thickness

Design Frames

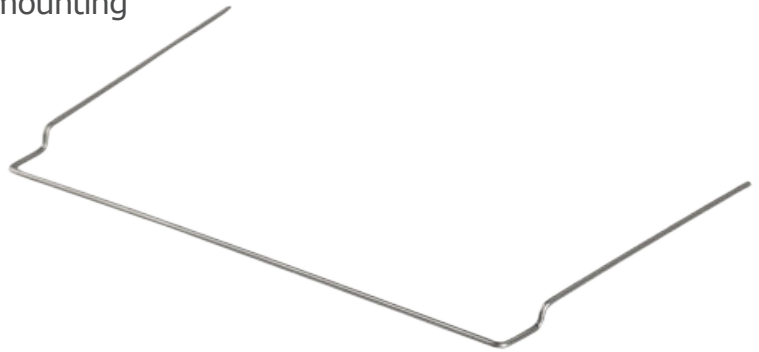

Design Frame System is designed for quality interior signage. Several unique features offered by this system will make designing and mounting interior signage simple. Frames are 1/8" smaller than designated size to provide maximum yield of 24" x 48" sheet when using saw cut or sheared strips.

- Five (5) colours: Light Grey (Pewter), Medium Grey, Almond, Black, Brown
- Designed for 1/16" material, with 3/8" radius corners
- Keyhole mounting allows for permanent or removable frames
- Wire clip mounts into frame for hanging on office partitions
- Snap Wire in place between frame and peg. Apply adhesive inside frame over wire if permanent wire placement is required.
- Features Dual Lock™ fastening system for attaching insert strips. Tamper resistant, but plates can be removed with suction cup.
- 'Header' messages can be permanently mounted with tape, while Dual Lock™ tabs can be placed at ANY LEVEL for interchangeable messages
- Double-sided frames are available for corridor brackets. Bracket mounts to plate. Bracket is mounted to wall with concealed screws.

CESCO Wire Clip for Design Frame

Wire clips are designed to compliment the CESCO Design Series frames and allow for easy mounting on fabric covered partitions.

Item Number	Size	Recommended Products
WCLIP3	3"	CESCO Design Frame
99W 600	6"	CESCO Design Frame
